

Other fees related to postal services (HUF)

1. Postage due fees for letter mail

The fee for the service is tax exempt.

For domestic non-priority non-registered letters, postcards and pictures postcards with insufficient postage paid, a postage due fee equivalent to the unpaid fee must be paid in addition to the unpaid fee.

With postage due fees that end in a figure other than 5 or 0, Magyar Posta applies the rules of rounding.

2. Individual fees to be paid for redirection or return delivery and fees to be reimbursed

1) The VAT category of the fee for the service is the same as that of the postal service related to the mail item to be redirected or returned.

2) Magyar Posta will endeavour the return delivery to the sender of mail items that cannot be delivered to the addressee or other authorised recipient in accordance with the provisions of Point 6.12 of the General Terms and Conditions for Postal Services without charging an extra fee with the exception of the provisions of paragraphs 4) to 9).

3) If Magyar Posta charges for the return delivery, it will deduct the fee – with the exception of the disparate provisions included in paragraph 3/A) – for the return delivery from the fee already paid for services and additional and supplementary services which were not performed, and the remainder of the fee for the unperformed services and additional and supplementary services will be refunded to the sender. If the return delivery fee is not more than the fee for the unperformed services and additional and supplementary services, the difference must be paid by the sender upon return delivery.

3/A) If Magyar Posta charges a fee for the return delivery of MPL Postal, MPL Business, MPL Net parcels, the fee is to be paid upon the return delivery – prior to the acceptance of the parcel – by the authorised recipient. In the case of previously paid amounts for unfulfilled/additional and supplementary services, Magyar Posta will reimburse the fees to the sender.

4) For letters and postcards posted with the insured additional service, the return delivery fee consists of the weight fee, the fee for the registered additional service and the fee for the insured additional service. This fee will be charged upon return delivery, which the sender must pay when receiving the returned item.

5) If, under the Delivery after Payment (DAP) service, a delivery after payment form has been used, the fee for the unperformed services will be reimbursed in the manner below provided that the DAP item was returned to the sender for a reason not attributable to Magyar Posta or the sender requested the return of the item: HUF 750 + VAT up to an amount to be collected under the delivery after payment service of HUF 20,000; HUF 1,300 + VAT up to an amount to be collected under the delivery after payment service of HUF 50,000, and HUF 1,760 + VAT up to an amount to be collected under the delivery after payment service of HUF 100,000.

6) For the return delivery of MPL postal parcels the fee payable is HUF 970.

7) The return delivery fee of MPL Business and MPL Net parcels used without signing a written contract is HUF 764 + VAT (HUF 970 gross). For the return delivery of postal parcels posted with the addressee pays additional service, the fee for the unperformed services is deducted from the aggregate sum of the fee payable by the addressee and the return delivery fee, with the exception of the addressee pays additional service fee.

8) If an international postal parcel or international priority postal parcel is redirected within Hungary, the fee for a domestic MPL postal parcel of the same weight is charged. When using the insured additional service, the fee for redirecting will be supplemented by the fee for the domestic insured additional service.

9) When an international postal parcel is returned, both the fee determined by the foreign postal operator and the fee for an MPL postal parcel of the same weight are charged.

3. Individual fees to be paid for redirecting or returning Európa+ parcels

The fee for the service is subject to 27% VAT.

If a Európa+ parcel is redirected within Hungary, the fee for an MPL Business parcel of the same weight with 2-working day delivery to the door is charged. For Európa+ parcels the return delivery is free. When a Európa+ parcel posted with the Inverz (return) service is returned from the International Office of Exchange as an international postal parcel, the fee for an MPL Business parcel of the same weight with 2-working day delivery to the door is charged.

4. Sender's subsequent directions

The sender of a mail item may give a subsequent instruction to change the address details of the mail item, and (with the exception of delivery after payment, letters delivered to the addressee only and e-notification) may request additional and supplementary services or priority service, and may make amendments to or cancel ordered services, or request the return of the mail item.

The fee for the service is subject to 27% VAT.

- b) the quantity of mail items within the same weight category posted at the same time exceeds 10,000 items,
- c) the mail items are suitable for automated processing and have an inspection report,
- d) the sender uses the special electronic posting list specified by Magyar Posta to dispatch the mail items, whose technical specifications are set out in the annex to the contract,
- e) only details of mail items posted with the regional tariff feature on the special electronic posting list,
- f) the number of mail items posted are given for each postcode on the posting list; the zone classification for postcodes is available on Magyar Posta's web site at www.posta.hu/level/vallalkozasoknak/tomeges_feladas
- g) the mail items are physically separated from the other items upon pick-up/dispatch,
- h) the sender posts the mail items only at the National Logistics Centre.

When establishing the amount accepted, the quantities of mail items arriving with one pick-up (for dispatch at one time, mail items on one or more posting list(s) on the same customer code) can be combined as follows:

- a) the quantities of mail items within the same weight category can be combined,
- b) the quantities of priority and non-priority mail items can also be combined,
- c) the number of mail items posted with the regional tariff may not be combined with the dispatch quantity of bulk letter mail items.
