

Magyar Posta's Postage Paid Indicia

1. Indication of postage paid in cash

Indication of direct cash payment

At IPN post offices: Postage paid label substituting the postage stamp

(IPN: Integrated Postal Network System, computer system supporting counters among other functions.)

Contents of the imprint:

Data that remain the same in the postage paid imprint: name of the country, indication of the currency (Ft, i.e. HUF) and Magyar Posta's logo.

Variable data: the postage charged for the given mail item (total amount), the name of the specific postal service outlet and the number of the actual transaction of the counter (on the specific day) as well as the date and the operator's ID number.

Postage paid label

2. Indication of postage paid in cash in the price of prepaid postal stationery

2.1. Envelope, postcard and picture postcard with value indication (imprinted stamp)

Contents of the imprint:

In all cases a stamp design imprinted on an envelope or postcard includes the inscription “Magyar Posta” or “Magyarország” (Hungary) and the face value expressed in Hungarian forints. The shape, size, graphics and security elements of the stamp designs vary.

Specimen:

2.2. Prepaid envelopes and postcards

Prepaid envelopes (and postcards) are made with security elements and a stamp impression which contains no specific amount in Hungarian forints. This means that the envelopes and postcards can be used even after price changes without any additional charge provided the mail item can be delivered to the letterbox.

General description of the imprints:

The stamp imprint does not contain any actual value and the stamp designs include the inscription “Magyarország” (Hungary), the year of issue, the emblem of the manufacturing print works and the name of the designer(s).

Envelope types:

1.2.2. Prepaid priority standard size envelope (Specimen no. 1)

Description of imprint:

The base colour of the envelope’s stamp imprint is dark blue on which there is a pictographic design that uses envelopes to indicate the priority service (a priority envelope passing over a line of envelopes). To the left of a lying bordered inscription “A boríték ára a szolgáltatás díját is tartalmazza” (The price of the envelope includes the fee for the service) there is, as a security element, a rectangular hologram of Magyar Posta’s logo (15 x 10 mm).

Size: 110 x 220 mm

Specimen:

(Specimen no. 1)

2.2.2. Prepaid priority and priority window standard size envelope (Specimen no. 2)

The envelope with a blue effect has a stamp imprint with no value indicated in Hungarian forints and includes security elements. On the left of the envelope there is a guilloche pattern including a map of Hungary divided into counties together with the inscription “BELFÖLDRE” (Domestic). The priority marking is featured to the right of the map. In the design of the imprinted stamp a yellow post horn is set on a blue pattern of interweaving lines for security purposes. The imprint includes the inscription “Magyarország” (Hungary), the year of issue, the emblem of the manufacturing print works and the designer’s name.

In the top section of the stamp design and in the strip to the left of the stamp the inscription “Magyar Posta” is repeated in microwriting. The inscription “ELSŐBBSEGI” (Priority) is also featured in block capitals in the strip.

Size: 110 x 220 mm

Size of the window of the window envelope: 45x90 mm

Specimen:

(Specimen no. 2)

2.2.3. Prepaid standard, window envelope standard and medium-sized envelope

Description of imprint:

The base colour of the standard and medium-sized envelopes is green. On the left of the envelope, as part of the security pattern of lines, there is a map of Hungary divided into counties together with the inscription "BELFÖLDRE" (Domestic). In the design of the imprinted stamp a yellow post horn is set on a green pattern of interweaving lines for security purposes. In the top section of the stamp design and in the strip to the left of the stamp the inscription "Magyar Posta" is repeated in microwriting.

Size of standard envelope: 110 x 220 mm

Size of medium-sized envelope: 162 x 229 mm

Size of the window of the window envelope: 45x90 mm

Specimens:

2.2.4. Prepaid standard, standard registered window envelope and medium-sized registered envelope

Description of imprint:

The base colour of the standard and medium-sized registered envelopes is red. On the left of the envelope, as part of the security pattern of lines, there is a map of Hungary divided into counties together with the inscription “AJÁNLOTT BELFÖLDRE” (Registered Domestic). In the design of the imprinted stamp a yellow post horn is set on a red pattern of interweaving lines for security purposes. In the top section of the stamp design and in the strip to the left of the stamp the inscription “Magyar Posta” is repeated in microwriting. The inscription “AJÁNLOTT” (Registered) is also featured in block capitals in the strip.

Size of standard envelope: 110 x 220 mm

Size of medium-sized envelope: 162 x 229 mm
Size of the window of the window envelope: 45x90 mm

Specimens:

2.2.5. Prepaid postcard

Description of imprint:

The base colour of the postcards is orange. On the left of the postcard, as part of the security pattern of lines, there is a map of Hungary divided into counties together with the inscription "BELFÖLDRE" (Domestic). In the design of the imprinted stamp a yellow post horn is set on an orange pattern of interweaving lines for security purposes. In the top section of the stamp design and in the strip to the left of the stamp the inscription "Magyar

Posta” is repeated in microwriting. Next to this horizontally there is the inscription "LEVELEZŐLAP" (Postcard) in block capitals.

Size: 105 x 148 mm

Specimens:

2.2.6. Prepaid standard size Christmas envelope

Description of imprint:

The base colour of the standard Christmas envelopes is ochre gold. The envelope has a stamp imprint with no value indicated in Hungarian forints and includes security elements. On the left of the envelope there are Christmas tree motifs as well as the inscription

“BELFÖLDRE” (Domestic), and there is a guilloche pattern underneath. In the top left corner of the envelope there is the inscription “Feladó:” (Sender:), in the bottom right the inscription “Címzett:” (Addressee:) and there are lines aiding addressing. In the top of the envelope, there is a monochrome “Karácsonyi posta” (Christmas post) label. As the main motif of the imprinted stamp there are three Christmas baubles set on an ochre gold pattern of interweaving lines for security purposes. The imprint includes the inscription “MAGYARORSZÁG” (Hungary), the year of issue, the emblem of the manufacturing print works and the designer’s name. In the bottom section of the stamp design and in the strip to the left of the stamp the inscription “Magyar Posta” is repeated in microwriting.

Magyar Posta only provides the Christmas post additional service included in the price of the envelope during Advent. However, the envelopes may be used for correspondence at other times of the year as well but the fee for the additional service is not refundable.

Size: 110 x 220 mm

Specimen:

2.2.6. Europe priority prepaid standard and medium-sized envelope

Description of imprint:

The base colour of the standard and medium-sized envelopes is yellow ochre. As part of the security pattern of lines on the left of the envelope there is a map of Europe together with the inscription “EURÓPÁBA TO EUROPE”. In the design of the imprinted stamp a yellow post horn is set on a yellow ochre pattern of interweaving lines for security purposes and the inscription “PRIORITAIRE” (priority) is also featured in block capitals in the strip. In the top section of the stamp design and in the strip to the left of the stamp the inscription “Magyar Posta” is repeated in microwriting. The priority marking is featured horizontally next to the stamp design.

Size of standard envelope: 114 x 162 mm

Size of medium-sized envelope: 162 x 229 mm

Specimen:

2.2.7. Outside Europe priority prepaid standard and medium-sized envelope

Description of imprint:

The base colour of the standard and medium-sized envelopes is purple. As part of the security pattern of lines on the left of the envelope there is a globe with the inscription “EURÓPÁN KIVÜLTRE TO OUTSIDE EUROPE”. In the design of the imprinted stamp a yellow post horn is set on a purple pattern of interweaving security lines and the inscription “PRIORITAIRE” (priority) is also featured in block capitals in the strip. In the top section of the stamp design and in the strip to the left of the stamp the inscription “Magyar Posta” is repeated in microwriting. The priority marking is featured horizontally next to the stamp design.

Size of standard envelope: 114 x 162 mm

Size of medium-sized envelope: 162 x 229 mm

Specimen:

2.3. Postage stamps with no value indication

Postage stamps with no value indication appear with different subjects and graphic motifs, and the inscriptions on the stamps indicate the service to be used with the postage stamp.

General description of the imprints:

The inscription “Magyarország” (Hungary) appears on all types of postage stamp. Instead of the amount in Hungarian forints indicating the face value of the postage stamps, postage stamps with no value indication have inscriptions showing the services and additional services they can be used for, which are the following: “BELFÖLD” (Domestic); “BELFÖLD ELSŐBBSEGI” (Domestic priority); “BELFÖLD AJÁNLOTT” (Domestic registered), “EURÓPA ELSŐBBSEGI” (Europe priority) and “EURÓPÁN KÍVÜL ELSŐBBSEGI” (Outside Europe priority).

Specimens:

3. Postage paid indication applied by a date stamp

At postal service outlets which have no possibility to print the postage paid label, the fact that postage has been paid for the use of services which contain value added tax is indicated by a date stamp.

The contents of the date stamp imprint: name of the specific postal service outlet, date of the acceptance of the mail item and identifier of the operator.

4. Indication of postage paid on credit

(This should be printed or stamped on letter-mail items in a 20 x 45 mm frame in the top right corner of the envelope, and for MPL postal parcels and domestic EMS express mail items marked in the postage section of the accompanying document.)

5. Other postage payment indicia

5.1. Postage paid indication applied by a franking machine

Contents of the imprint:

In the imprint of the franking machine, apart from the date imprint, the inscription "MAGYARORSZÁG" (Hungary), the value of the postage paid, decorative elements and the inscription "FORINT" appear.

The length and width of the imprint are between 24 and 34 mm.

Specimen:

5.2. Payment of postage for electronically posted mail items

This prepayment of postage can only be used for mail items posted on the website www.posta.hu.

5.3. Postage paid indication for mail dispatch at the International Office of Exchange

P. P. PRIORITAIRE MAGYAR POSTA - BUDAPEST 1005 CONTRACT code	P. P. ECONOMIQUE MAGYAR POSTA - BUDAPEST 1005 CONTRACT code

6. Postage paid indication for international direct mail (IDM)

To indicate prepayment of postage for IDM items, only the standard printed postage paid indication specifically used on mail items for this purpose can be accepted. The following postage paid indications can be used for IDM items:

P. P. IDM MAGYAR POSTA – BUDAPEST 1005
--

If undelivered please return to: Budapest 1005 - HUNGARY	P.P. IDM MAGYAR POSTA contract code/number
---	---

This postage paid indication may be printed in black, red or blue. There is a special technical guide for the exact layout of the standard printed postage paid indication.
